With notoriously high cost of employment, a tight labor market and uncertain conditions for EU and third country workforce recruitment, the Swiss-based companies have always faced serious challenges to hire the best talent and stay competitive in the global war for talent. With the Covid crisis, additional challenges have arisen: work from home, cross-border working, changed remuneration and evaluation structures, certain industries' need for large lay-offs while other industries struggle to find talent, new policies on meetings, travel, office presence and events, and many other new Covid challenges. Many HR manager face the question: What do I need to do to succeed in the New Normal?

At this year's HR personnel Forum, you will learn about the macro-economic background and learn about the results of the latest edition of the UBS Annual Compensation Survey from Dr. Daniel Kalt, Chief Economist of UBS Switzerland. You then hear from proven HR managers about "what keeps me up at night in these times of upheaval" and how they deal with their concrete challenges. And finally, the discussion between the participants, all HR experts and managers, will bring to light many additional facets of the HR challenges.
