

You are invited to our first virtual event of the year:

**Introduction to Steward Ownership:
Solutions for Alternative Corporate Governance, Tools and Case studies**

Event Details

Date: January 25, 2023

Time: 12pm EST (18:00 CH)

Where: Online (link to the invitation to be provided)

Event duration: 30 minutes followed by 10 minutes of Q&A

This event aims to introduce the audience to specific ways in which companies can embed the principles of steward-ownership (self-governance and profits serving purpose) in their DNA and thus protect their values, mission and independence in the long term by exploring current, tested steward-ownership models, such as Bosch and Pagatonia.

Meet the speakers

Delphine Bottge, Founder, Purpose Lawyers

Delphine Bottge is an Attorney at Law at the Geneva Bar (Switzerland) and the founder of Purpose Lawyers, which supports families, philanthropists, companies and their leaders, foundations and associations to create meaning, values and impact. Her expertise focuses on governance, foundations, companies, but also family governance and the exploration of new economic models around Purpose. In addition to her practice, she sits on the boards of several foundations and provides training, notably at the Centre for Philanthropy (University of Geneva), of which she is an Academic Fellow. Her book « Les fondations actionnaires en Suisse – Ces fondations qui détiennent des entreprises » was published by Slatkine Editions in 2022. Its English version “Holding Foundations in Switzerland - The Foundation-owned company model from theory to practice” has just been published on December 2022.

Lukas Hotz, Co-Founder, Purpose Schweiz

As a jack of all trades, Lukas has been initiating and accompanying purpose-driven ventures for several years. His personal involvement and enthusiasm for steward ownership was the logical result in his search for new, sustainable forms of entrepreneurship. Since spring 2022, Lukas has been the driving force behind the development of the Purpose organization in Switzerland.

Moderator

Diane Artal, Legal Director, Scale Microgrid Solutions, and Board Member of the SACC, NY Chapter.

This event aims to introduce the audience to specific ways in which companies can embed the principles of steward-ownership (self-governance and profits serving purpose) in their DNA and thus protect their values, mission and independence in the long term by exploring current, tested steward-ownership models, such as Bosch and Pagatonia.
