## SWISS FUTURE AMBITIONS

Exploring the Moon and Mars,  
unraveling the workings of the  
Universe, and searching for life  
beyond the Solar System

# Budget comparison (in bn USD; 2022)

WHAT ROLE TO PLAY  
IN THE FUTURE?

**\$1 Trillion**

The size of the global space economy  
is projected to reach 1T US\$ by 2040.

**\$7.9 Trillion**

Estimated wider benefit on the overall global economy  
by 2040 with the high-economic multiplier of space  
comparable to that of semi-conductors.
